# PHOTO AND FILM SHOOTS

The City of Santa Barbara offers one stop photo and film/video permitting with Parks and Recreation as the lead department accepting applications, collecting fees, issuing the permits and coordinating as many internal logistics among City departments such as Police, Fire, Public Works and Waterfront as possible for administrative convenience.

Fees for photo and film/video shoots include both permit and “facility use” fees. Permit fees apply to all photo and film/video shoots. If you plan to shoot in a City park, beach, Stearns Wharf or the Harbor, a facility use fee is charged in addition to the permit fee. Fee rates depend on the location where photography or filming occurs. See the applicable Facility Use Fee charts below.

In situations where City personnel may be required to be present during the shoot, a fee for staff will be charged. See the Staff and Miscellaneous section below for further information.

Although specific uses may vary slightly within a designated category, the description is intended to provide a guide for categorizing shoots properly. The Parks and Recreation Director reserves the right to determine fees outside of the following chart for certain shoots, characterized by the unique or untypical location, scope, size or duration of the shoot, and/or impact to public parkland as a result of the use.

Uses such as picnics, wedding ceremonies and private gatherings, sporting events or large community special events are categorized and fees are determined by the size, scope and duration of the event (except for group picnic sites, which are based on the site's area capacity.) Following are the categories and fee levels describe in the Outdoor Rental Facilities fee table.

Private Gatherings PG1 to PG4	Corporate or individual private events. Limited to 10 hours, with a fee for extra hours beyond 10.
Wedding Ceremonies W1 to W3	Ceremonies limited to 4 hours. Can include locations other than designated reservable areas.
Sporting Events SE1 to SE6	Runs, walks, sporting tournaments, etc.
Public Events PE1 to PE6	Any event open to the public

### **Set Up and Break Down Days:**

Dumpsters and portable toilets are exempt from the break down day charge if they are removed by 9am the following day.

### **Utility Hook Ups for De La Guerra Plaza, Mackenzie Park and Leadbetter Beach Events:**

For De La Guerra Plaza and Mackenzie Park, gas, water and electrical hook ups may be made available for large public events. The activation of these utilities can either be accomplished through a licensed general contractor (or a licensed plumbing and licensed electrical contractor), or the Parks and Recreation Department can facilitate the hook-up requests through the Public Works Department. If the former is chosen, the Public Works Department will charge fees to supervise and inspect the work before and after the activation and require that a permit be obtained from the Building and Safety Department. A \$100-\$500 deposit is required to cover the estimated usage of the utilities with the amount is based on the number of utility boxes activated. Additional information on the fees and how to obtain the permit will be provided.

If the latter is chosen, approval is dependent upon Public Works' ability to schedule the necessary personnel to complete the required work for the event within the given timeframe. Requests must be submitted a minimum of four weeks in advance of the event. The base cost to activate/deactivate the plumbing is \$510 for the first box, plus \$85 per additional box. The base cost to activate/deactivate the electricity is \$129 for the first box and plus \$85 per additional box. A deposit of up to \$1,000 is also required to cover the estimated usage of the utilities.

For Leadbetter Beach, only water and electrical hook ups are available and the activation of these utilities is handled by park monitors, along with the reading of the water and/or electrical meters prior to and after the usage. Water usage is charged at \$7 per unit of

water and electricity usage is charged at \$3 per kilowatt hour or \$5 minimum. A deposit of up to \$500 is required to cover the estimated usage of the utilities.

## **WATER RATES AND FEES**

Chapter 14.08 of the Santa Barbara Municipal Code authorizes the City Council to set fees for water meters and water service;

Section 14.12.010 of the Santa Barbara Municipal Code authorizes the City Council to set the rate for City water for private fire services when the use of a meter is not required; and

The City does currently and wishes to continue to have in effect a water rate structure that reflects an adequate supply of water and promotes the efficient use of such water by its customers.

### **DEFINITIONS**

Wherever used in this resolution the following quoted words shall have the meanings set forth below:

- A. "Account holder" means the person or entity responsible for payment for water service at a particular property, as shown in the City's water billing records.
- B. "Base allotment" means the average monthly consumption on record with the City for the most recent complete off-peak period, or such other level of consumption determined by the Director to represent the average monthly off-peak water usage by a particular customer. An off-peak period for any given customer shall be a period comprised of the service periods charged on bills dated January through June.
- C. "Director" means the Director of the Department of Public Works or his designated representative.
- D. "Hcf" means one hundred cubic feet.
- E. "Service" or "water service" means water provided by or through the water distribution facilities of the City.

### **1. WATER SERVICE RATES**

The following provisions shall govern all fees related to water service for metered connections to the City water system:

- A. **MONTHLY SERVICE CHARGE.** A monthly service charge shall be collected for all connections, without regard to actual water use, if any, as follows:

<u>Size of Water Service Meter</u>	<u>Rate (\$/meter/month)</u>
5/8"	\$13.19
3/4"	\$19.82
1"	\$33.00
1 1/2"	\$65.97
2"	\$105.58
3"	\$211.14
4"	\$329.91
6"	\$659.81
8"	\$1054.81
10"	\$1517.56

Monthly service charges for connections located outside the City limits shall be 130% of the above charges.

B. **USER CLASSIFICATIONS.** For the purposes of assessing metered water charges provided for in Subsection C below, user classifications shall be as follows:

1. Residential Single Family Detached: Applicable to all meters serving one detached dwelling unit.
2. Multifamily 1-4 Units: Applicable to all meters serving two or more detached dwelling units and all meters serving 1, 2, 3, or 4 attached dwelling units.
3. Multifamily Over 4 Units: Applicable to all meters serving five or more dwelling units, any of which are attached.
4. Commercial: Applicable, without regard to meter size, to all accounts serving mercantile buildings, motels and other short term lodging establishments, office buildings, institutional buildings, schools, churches, and other commercial establishments.
5. Industrial: Applicable to all meters serving laundries (other than self-service laundries), manufacturing facilities, and other industrial facilities.
6. Irrigation-Potable: Applicable to meters substantially limited to outdoor water use and subclassified as provided in Subparagraph a. through d. below. All meters under this classification shall be subject to interruption upon declaration of a Stage Three Drought Condition. There shall be no connection between a meter served under this classification and any dwelling or commercial or industrial structure.

- a. Irrigation-Agriculture: Applicable only to Potable Irrigation meters that serve bona fide commercial agricultural enterprises, including nurseries. A bona fide commercial agricultural enterprise is one that grows and sells one or more type of agricultural or horticultural products, for the purpose of producing income from the sale of these products. The amount of water made available in each block of metered water usage under this sub-classification shall be based solely on the area that is planted and irrigated as part of the enterprise. As a condition of the right to receive Irrigation-Agriculture service, the Director may require an Account holder to submit to the Director any documentary or other evidence necessary to establish to a reasonable degree of certainty that the property served by the meter is being used to conduct a bona fide commercial agricultural enterprise as defined above. Such evidence may include tax returns, bills of sale, or similar documents.
  - b. Irrigation - Recreation: Applicable only to Potable Irrigation meters that serve areas used primarily for passive or active recreational purposes, including parks, playgrounds, golf courses, school yards, and publicly owned open spaces and landscaped areas. The amount of water made available in each block of metered water usage under this sub-classification shall be based solely on the number of acres of planted area served by the meter.
  - c. Irrigation-Commercial: Applicable to Potable Irrigation meters serving properties that are primarily commercial, industrial, or institutional in use.
  - d. Irrigation-Residential: Applicable to Potable Irrigation meters serving properties that are primarily residential in use or are zoned for residential use.
7. Recycled Water: Applicable to all meters providing recycled wastewater.
  8. Outside City Limits: Applicable to all meters serving properties that are outside the City Limits of the City of Santa Barbara.
- C. **METERED WATER CHARGE.** In addition to all other charges imposed by Chapter 14.08 of the Santa Barbara Municipal Code, including but not limited to the monthly service charges set forth in Subsection I.A. above, water use shall be charged according to the following block rates for those user classifications defined in Subsection B above. Usage shall be measured in units of 100 cubic feet (hcf).

All other use:	5.53

d. Irrigation - Residential

Each meter in this sub-classification shall be assigned, for the purposes of billing, to one or more “associated” residential meters on the property. Metered water shall be billed as if it were used through the associated residential meter(s) such that any allotments not used on an aggregate basis by the associated account(s) shall be available to the irrigation account. Alternatively, an account holder may elect to be charged on the basis of the following acreage allotment, in which case such election shall remain in effect for at least twelve months:

E. **GRANTING OF ADJUSTMENTS TO EXTRAORDINARY WATER CHARGES.** Upon an account holder's application that is 1) received within 45 days of a relevant billing date, 2) submitted on a form provided by the Finance Director, and 3) supported by detailed written documentation, the Finance Director, or a designee of the Finance Director, shall have the authority to make adjustments to extraordinary water charges in the event of hidden leaks, undetected line breaks, or other circumstances that are demonstrated to be beyond the reasonable control of the account holder. Such adjustments shall be made in accordance with guidelines approved by the City Administrator's Office. However, such adjustments shall in no case result in a cost per Hcf that is less than the lowest unit rate for residential customers located within the City limits. The decision of the Finance Director, or said designee, regarding any such adjustment shall be final. Adjustments shall be allowed under this section only once per account, per account holder in any five year period.

**J. MULTI-FAMILY RESIDENTIAL - SPECIAL OCCUPANCY BILLING.**

The Director may waive individual metering requirements for dwelling units in publicly owned housing developments having special occupancy characteristics as may be determined appropriate by the Director. Such waiver shall be accompanied by water use efficiency conditions determined to achieve the maximum feasible conservation at the site, including but not limited to City metering of individual portions of the project in a manner designed to highlight occurrences of unusually high water use. Such accounts shall be allotted 2 Hcf of water per dwelling unit at the first block rate for other Multi-Family Residential customers, with all other usage charged at the third block Multi-Family Residential rate.

All determinations of the size and location of water service connections, water main connections, and meters shall be subject to the approval of the Director. ## WATER AND SEWER BUY-IN FEES

Sections 14.08.050 and 14.48.010 of the Municipal Code authorize the establishment by resolution of fees to be paid for connections to the City water and sewer systems, respectively; and water and sewer buy-in fees are appropriately assessed on the basis of the flow capacity of the meter serving a given use.

The City Council, upon recommendation of the Water Commission, has determined the appropriate charges to be assessed for new connections to the City water and sewer systems for the purpose of buying into the existing assets of those systems.

### 1. BUY-IN RATES

Except as provided herein, the following water and sewer buy-in fees shall be collected prior to the Public Works Director's approval to: 1) make a new connection to the City water or sewer system, 2) to commence a discharge into the City sewer system from a newly permitted dwelling unit, or 3) increase the size of an existing water meter. Such buy-in fees shall be in addition to fees assessed under other resolutions for the labor, materials, equipment, and other City costs necessary to construct the actual connection to the water or sewer system. Buy-in fees specified herein continue to be effective for fees paid July 1, 2009 or later. The Public Works Director shall be authorized to determine eligibility to pay Fiscal Year 2009 buy-in rates, in lieu of fees established herein, for projects that have achieved specific milestones in the development review process.

## 2. REGULATIONS REGARDING ASSESSMENT OF BUY-IN FEES

The following regulations shall apply to the assessment of water and sewer buy-in fees:

- A. The term "multi-family residential dwelling unit" as used herein shall mean any attached dwelling unit, including attached apartments, condominiums, and secondary dwelling units.
- B. Water and sewer buy-in fees shall not apply to:
  1. Connections to serve facilities owned and operated by City programs funded by the General Fund; and
  2. Water system connections for public fire hydrants, private fire hydrants, and private fire lines.
  3. Common area meters to serve irrigation, laundry or other shared uses on multi-family residential properties.
- C. A sewer buy-in fee shall not apply to a water meter that is classified as "Irrigation" in the City billing system.
- D. Water and sewer buy-in fees shall not apply to a connection to the City's recycled water distribution system.
- E. In the case of an application for a water or sewer connection to serve a parcel where connections already exist, credit shall be given for existing connections such that the water and sewer buy-in fees shall be based on the net increase in meter capacity for non-residential meters, or in the case of residential meters, the net increase in number of dwelling units. The credit shall only be

valid when the existing connections are abandoned within six months of the installation of new services. There shall be no buy-in fee assessed for the installation of a meter to serve a legally existing residential dwelling unit that is already served by another City water meter when such installation is done for the purpose of providing separate metering to such dwelling unit.

- F. A reduction in meter size may be approved by the Public Works Director in accordance with applicable resolutions; however, there shall be no refund of buy-in fees upon such reduction.
- G. In a case where the buy-in fee cannot be reasonably determined using the meter capacity method contained herein, a water and/or sewer buy-in fee may be determined by estimating the net new usage of water, converting such usage to an equivalent number of 5/8" meters, and multiplying said equivalent number times the buy-in fee for a 5/8" meter.
- H. If a meter reduction is requested by a customer but proves to be infeasible, buy-in fees for increasing the meter size shall not apply if the request is made within 12 months of the installation of the smaller meter.

The slip assignment shall then be offered to the applicant ranked next on the Lottery List.

## C. VISITING OR TRANSIENT VESSEL FEES

Visiting berths, slips and moorings are intended to accommodate boats en route to and from their home port. There shall be a charge for visiting boats not having a regularly assigned slip, end tie, or designated mooring space subject to monthly charges as provided in this resolution. Except as specially designated in Section 5 below, or expressly allowed by the Waterfront Director, visitor berths are assigned on a first-come, first-served basis upon the vessel's arrival at the harbor.

1. The base visiting rate for vessels other than those actively and solely engaged in commercial fishing will be \$.90 per linear overall foot per day for the first 14 cumulative days in the Harbor.
2. Vessels described in C.1 that remain in the Harbor for a period of more than 14 cumulative days will be required to pay two times the base rate. A new 14 day cumulative period at the base rate shall start to run if the vessel returns after being absent from the harbor for 5 or more consecutive days. The Harbormaster may, however, waive such increase in the rate for a period in excess of the 14 cumulative day period in the event of prolonged storms, natural disaster, or on satisfactory proof of a need for additional time to effect emergency repairs.
3. The base visiting rate for commercial fishing vessels actively and solely engaged in commercial fishing shall be \$.70 per day. No days out will be required to remain at the base rate when proof in advance of slip

assignment in the form of two California Department of Fish and Game commercial fish landing receipts every two weeks is shown. If such proof is not provided, the vessel will be considered not actively fishing and will be subject to fees described in C.1 and C.2.

4. The maximum allowable stay for visiting boats other than actively fishing commercial vessels is 28 cumulative days. A vessel must vacate the Harbor for 5 or more consecutive days before again being eligible for visitor boat status. Any person violating this provision, without express permission of the Waterfront Director or his designee, shall pay a penalty of:
  - a. \$75 per day for days exceeding the maximum allowable stay, for a vessel whose overall length is 35 feet or less.
  - b. \$125 per day for days exceeding the maximum allowable stay, for a vessel whose overall length is greater than 35 feet and up to 50 feet.
  - c. \$175 per day for days exceeding the maximum allowable stay, for a vessel whose overall length exceeds 50 feet.
5. Reservations. Rates and length of stay are limited as stated in Section C above for individual visiting vessels, with the following exceptions:
  - a. Big Berth Area between "R" and "S" Fingers in Marina One for vessels exceeding 115' in length whose beam does not exceed 30' and whose draft does not exceed 10'.
    - i. Reservations will be taken on a first-come, first-served basis and may be requested no more than 30 days in advance by directly contacting the Waterfront Department.
    - ii. Credit card required (Visa, MasterCard, Discover).
    - iii. A cancellation fee equal to one day's visitor fee will be charged if a reservation is canceled within 48 hours of the first day of the reservation.
  - b. Group reservations for Yacht Club-sponsored cruises and races.
    - i. A group reservation may be made for no fewer than six vessels, a minimum of 30 days in advance.
    - ii. Berthing fees will be based on standard visitor-boat rates and must be paid in full by the group's chairperson at least two weeks prior to reservation date.
    - iii. Individual or late entries will not be accepted for reservation, but will be considered on a first-come, first-served basis like all other visitor boats.
6. For the purpose of this subsection, a day shall be deemed to be a 24 hour period commencing at twelve noon. All fees are due and payable in advance. No portion of the transient dock fees is refundable. Payment of visiting fees entitles a visiting vessel to utilize a slip or mooring for the paid-up period.

#### D. CHARGES FOR DELINQUENT PAYMENT

1. A charge in the amount of \$35 per month shall be added to monthly slip fees that are delinquent.
2. A charge in the amount of \$5 per day shall be added to visitor slip fees for every day such fees are delinquent.
3. A charge equal to double the bill incurred plus \$10 shall be added to dockage and/or wharfage fees if any person leaves a slip or mooring, unless forced to do so by weather or fire, without first paying the fees due (unless such vessel is upon the credit dockage list) except by permission of the Waterfront Director.
4. A charge equal to double the bill incurred plus \$10 shall be assessed any visitor who leaves a slip or mooring, unless forced to do so because of weather or fire, without first paying visitor fees due, except by permission of the Waterfront Director.

#### E. TIE-UP FEES ON STEARNS WHARF

1. Tie-up at the passenger-loading ramp on Stearns Wharf for the primary purpose of embarking or debarking commercial passengers shall be at the rate of \$5 for each passenger, except for authorized wharf license holders.
