

CITY OF SANTA BARBARA

COUNCIL AGENDA REPORT

AGENDA DATE: November 13, 2012

TO: Mayor and Councilmembers

FROM: Engineering Division, Public Works Department

SUBJECT: Adoption Of Resolution Of Intent To Vacate Easement For Public Right-Of-Way On A Portion Of Lowena Drive

RECOMMENDATION: That Council:

- A. Adopt, by reading of title only, A Resolution of the Council of the City of Santa Barbara Declaring the Intention of the Council of Said City to Vacate a Certain Portion of Lowena Drive Located Adjacent to Assessor's Parcel Nos. 029-202-001 and 029-201-004 as Hereinafter Described, and Providing for the Holding of a Public Hearing, the Posting of Required Notices, and the Publication of This Resolution; and
- B. Set the time and place for a hearing of persons interested in, or objecting to, the proposed vacation for December 4, 2012, at 2:00 p.m. at the regular meeting of said City Council to be held in the Council Chambers, City Hall, Santa Barbara.

DISCUSSION:

BACKGROUND

The Santa Barbara Bowl Foundation (SBBF) has submitted an application for a conditional use permit proposing a new box office and pedestrian plaza on the property owned by SBBF known as 1130 North Milpas. This property is adjacent to the County of Santa Barbara (County) owned property (1122 North Milpas), where the existing Santa Barbara Bowl box office and parking lot are located. They are accessed via the Lowena Drive entrance from Milpas Street. SBBF has an existing long term lease with the County for the use of this property in relation to the operation of the Santa Barbara Bowl amphitheater.

Built in 1936, the Santa Barbara Bowl is the largest outdoor amphitheater in Santa Barbara County with seating for approximately 4600 patrons. Approximately 30 shows are produced each year with additional use by non-profit organizations. The Santa Barbara Bowl facilities are located on three parcels as shown below and on Attachment 1.

APN	Address	Acreage	Owner
029-110-023	1126 N. Milpas Street	15.16 acres	Santa Barbara County
029-202-001	1122 N. Milpas Street	1.66 acres	Santa Barbara County
029-201-004	1130 N. Milpas Street	0.66 acres	Santa Barbara Bowl Foundation

The majority of the Santa Barbara Bowl is located on County-owned property within the City of Santa Barbara. The County-owned parcels are leased by SBBF, the organization that manages the facility. In 2005, the SBBF acquired the adjacent parcel located at 1130 North Milpas Street.

PROPOSED PROJECT

The purpose of the project is to provide an improved box office facility, pedestrian access, and vehicular circulation for concert patrons, and service providers. Currently, limited vehicular and all pedestrian access is provided along Lowena Drive at the entrance from Milpas Street. The proposed project includes:

1. New 2,210 square foot administration building with box office services and public restrooms.
2. New pedestrian entrance plaza, pathway and security check areas. New landscaping with most existing oak trees to remain.
3. Removal of a portion of the stone wall along Milpas Street and installation of new stone walls.
4. Eight new bicycle parking spaces.
5. New shuttle bus stop to provide patrons with access to the upper Concession Plaza.

On January 31, 2012, staff presented a concept review of the project and proposed street vacation so that Council would have an opportunity to review the vacation and the proposed development on a conceptual level, prior to the applicant submitting a formal application. At this meeting, Council conceptually approved the street vacation.

On November 1, 2012, the City Planning Commission unanimously approved the project, including the vacation of a portion of Lowena Drive as presented (Attachment 2).

The proposed improvements under the conditional use permit require the vacation of a portion of the City street easement known as Lowena Drive. New parallel parking, patron shuttle bus stop (with handicap access), pedestrian pathway with new

landscaping as discussed above will be within the Lowena Drive easement requiring vacation of the portion of Lowena Drive located on the County-owned property. The request to vacate the portion of the Lowena Drive easement that is on the County property is a joint request of SBBF and the County, as indicated by the County Board of Supervisor's letter of support dated November 2, 2010 (Attachment 3).

LOWENA DRIVE VACATION

The Lowena Drive easement on the County property begins at the driveway to the Santa Barbara Bowl from Milpas Street. The easement crosses the County property, and then crosses onto private property creating a loop through to Anapamu Street and serves as a public street easement (Attachment 4). There are seven existing private properties that are served by the Lowena Drive easement. The remaining portion of the street easement would continue to serve these properties. Service access is primarily through the Anapamu Street connection. There are no existing street improvements such as curb, gutter, or lane markings indicating there is a public street on the County property, and as such, it is not used by residents or service access. This portion of the existing street easement is not necessary for present or prospective public street purposes, or a non-motorized transportation facility such as bike or walk way. However, a public service easement maintaining the rights of existing public utilities shall be reserved.

The City's easements for Lowena Drive, and many other streets, were set forth in City Resolution No. 2737, adopted by Council on February 24, 1955. At that time, the City accepted the responsibility to maintain the roadway already known as Lowena Drive, which was created as a private road. This was done in conjunction with many other existing poorly maintained private roads that were being used by the public.

The vacation of this portion of Lowena Drive means that any existing City easements would be removed and the City would no longer be responsible for maintenance, although historically, maintenance on this portion has generally been provided by the SBBF staff. The County owns the real property underlying Lowena Drive; however, there is the potential that other private easements in the affected area may exist. The County and the SBBF are aware of this and have circulated notification of the potential vacation and survey to affected owners. At this date, staff has no knowledge of owners or residents making claims of private easements or objecting to the proposed vacation. Additionally, in discussions with Traffic Engineering, Transportation Planning, Fire and Public Safety, it was determined that a cul-de-sac with sufficient area for vehicular turn around to include a vehicle gate with attached Fire Department Knox Box (for emergency access) and a pedestrian gate at the termination point of Lowena Drive, where the vacation is proposed would be required. In order to complete this improvement, SBBF would also dedicate to the City a portion of their adjacent property for street easement purposes prior to the commencement of construction. The cul-de-sac, gates, and any appurtenant public street frontage improvements in this area shall be constructed to City standards and documented with C-1 public improvement plans.

GENERAL PLAN CONFORMANCE

The subject site is located in the Lower Riviera neighborhood and, unlike the County-owned parcels that have a Land Use designation of Institutional, the subject parcel has a Land Use designation of Medium-High Density Residential (15-27 du/acre). At the November 1, 2012 hearing, the Planning Commission initiated a General Plan Map Amendment to change the Land Use designation of the project site to Institutional as well. With the map amendment, the proposed project can be found consistent with the policies of the General Plan.

The street easement vacation, having been reviewed as part of the overall box office project, also meets environmental compliance pursuant to Government Code Section 65402.

CONCLUSION

Public Works Department staff has reviewed the proposed project and supports the vacation of the City's easement. Discussions with the Santa Barbara Police and Fire Departments have also proved favorable to the vacation.

Having received the appropriate board and commission approvals for the overall SBBF project, staff recommends the adoption by Council for the Resolution of Intent to Vacate the easement on a portion of Lowena Drive. With this approval, staff will post the site, publish a notice in the Montecito Journal, or other appropriate publication for two weeks, and hold a public hearing for the presentation of any and all relevant information before appropriate action is initiated for the subsequent Adoption of a Resolution of Order to Vacate said easement.

Bowl Foundation Request Road Abandonment of Lowena Road

Dear Mr. Irelan,

This letter shall serve as support of the Santa Barbara Bowl Foundation proposal to seek the City's approval of vacating an existing City public road easement on a portion of Lowena Drive. The vacation of Lowena Drive and the proposed design of the Santa Barbara Bowl-Box Office Plaza project will provide improved pedestrian and vehicle access for concert patrons entering the County facility known as the Santa Barbara Bowl.

It is our understanding the following history relates to that certain portion of Lowena Drive:

- 1936 the County was granted a public road easement that affects the same roadway
City annexed that portion of County into the City limits
- 1955 City Resolution No. 2742 created City public road easement over Lowena Drive
- 1957 Executor Deed – conveyed Lowena Drive in fee to the County of Santa Barbara
- 1957 County Resolution No. 16496 – accepted Lowena Drive in fee which left the City public road easement in-place
- Present – When the County accepted Lowena Drive in fee in 1957, it merged the County's 1936 road easement on Lowena Drive, and therefore Lowena Drive is recognized as a County-owned property.

The County in its proprietary duty of that certain real property stated herein, does support the vacation of the City's public road easement of that certain portion of Lowena Drive consisting of approximately 15,880 square feet. The proposed Box Office Plaza project designed by the Bowl Foundation will provide more efficient and safer pedestrian and vehicle access to this County facility. Also, the improved walkway through the Box Office Plaza will eliminate the existing conflicts with pedestrian and vehicles using the same passage way to this County facility.

Recommended Actions:

That the Board of Supervisors authorize the General Services Department Director to send the attached letter of support to the City of Santa Barbara seeking approval of the vacation of an existing City public road easement on a portion of Lowena Drive, within the City of Santa Barbara, which right of way currently is the route through the County Bowl's parking lot and serves as passage way for pedestrian and vehicle access to the Bowl facility.

Summary Text:

The County's support of this will enable the Bowl Foundation to seek the vacation of the City's public road easement of that certain portion of Lowena Drive. The Bowl Foundation is proposing a Box Office Plaza project on property they own at 1130 N. Milpas Street, Santa Barbara, which is adjacent to the County Bowl property. The proposed Box Office Plaza project will improve pedestrian and vehicle access to this County facility.

Background:

The Santa Barbara Bowl Foundation is proposing the Box Office Plaza project that consists of a new administration building with box office services and a new pedestrian entrance plaza on property they own at 1130 N. Milpas Street, Santa Barbara. The project will also consist of the vacation of Lowena Drive; improvements on Lowena Drive, restriping, hardscape and landscape changes to the existing parking lot, and a change of use to the property they own. This project will provide a "Lobby" space to

Supervisory District
Agenda Date: November 2, 2010
Page: 2 of 2

the existing Santa Barbara Bowl outdoor amphitheater which is located on the adjacent County property at 1122 N. Milpas Street. It is anticipated that the proposed design will reduce the friction between the pedestrians and vehicles that are currently sharing the same passage way to the Bowl facility. This project will better serve the concert patrons by providing more efficient and safer access to the Santa Barbara Bowl facility.

The City's vacation of that certain portion of Lowena Drive will remove a public road easement, and the underlined property will remain as County-owned property held, in fee, by the County of Santa Barbara.

Fiscal and Facilities Impacts:

No fiscal or facility impact to the County on this action.

Special Instructions: Please forward the Minute Order to Office of Real Estate Services, Attn: Ronn Carlentine
