

Highway 101 250 Foot Area and Soundwall Locations

JAN 2014

Pacific Ocean

Legend

Existing Soundwall Locations

250 foot distance from edge of nearest travel lane

Parcels that Intersect 250 foot distance

Note: Existing soundwall locations are provided by Caltrans at http://svctenvms.dot.ca.gov/soundwall_gis/

250 foot setback line was digitized by the City Planning Division using 2012 aerials to find the edge of nearest travel lane. The nearest travel lane does not include on-ramps or off-ramps.
