

ORDINANCE NO. _____

AN ORDINANCE OF THE COUNCIL OF THE CITY OF SANTA BARBARA AMENDING CHAPTER 28.92 TO ADD SECTION 28.92.130 TO THE MUNICIPAL CODE REGARDING MINOR ZONING EXCEPTIONS FOR ERRORS IN ZONING INFORMATION REPORTS.

THE CITY COUNCIL OF THE CITY OF SANTA BARBARA DOES ORDAIN AS FOLLOWS:

SECTION 1. Chapter 28.92 of Title 28 of the Santa Barbara Municipal Code is amended to add Section 28.92.130 to read as follows:

28.92.130 Minor Zoning Exceptions for Errors in Zoning Information Reports

A. Purpose.

A Minor Zoning Exception is a method of resolving a discrepancy or error in a Zoning Information Report (ZIR) prepared by the City pursuant to Section 28.87.220 of this Code. If a discrepancy or error in a ZIR involves one or more of the zoning violations specified in Subsection B, the property owner may request a Minor Zoning Exception to obtain relief from the zoning standard up to the maximum amount of relief specified for the particular zoning standard, subject to the findings specified in Subsection C.

In order to qualify, the discrepancy or error in the ZIR must involve a failure of City staff to properly identify a zoning violation, or a mischaracterization of the legality or illegality of an existing improvement on the real property, that is related to the relief requested. A decision on a requested Minor Zoning Exception is an administrative action of the Staff Hearing Officer, without public notice or hearing. In order to grant a Minor Zoning Exception, the Staff Hearing Officer must make the findings specified in Subsection C.

The actions of the Staff Hearing Officer pursuant to this Section 28.92.130 are not subject to the provisions of Chapter 28.05 of this Code.

B. Unpermitted Improvements Eligible for Minor Zoning Exceptions.

If a discrepancy or error in a ZIR involves one of the unpermitted improvements listed below, the property owner may request a Minor Zoning Exception:

1. **Unpermitted Alterations to Properties with Legal Nonconforming Buildings.** The following unpermitted additions or alterations to existing structures that are legal nonconforming as to setbacks, open yard area, residential density, or distance between buildings are eligible to apply for a Minor Zoning Exception, subject to the findings specified in Subsection C:

a. **Conversion of an Encroaching Garage or Carport to Other Parking.** Where a carport or garage encroaches into any setback or required open yard or does not meet the minimum separation between buildings, the conversion of the carport to a garage or the garage to a carport may be granted a Minor Zoning Exception, provided the number of parking spaces provided in the garage or carport is not increased and the proposed garage or carport meets required minimum interior dimensions or an exception from that standard is approved by the Public Works Director or his or her designee.

b. **Conversion of an Encroaching Garage to Another Use.** The conversion of a garage that encroaches into a setback to a use other than parking (such as storage, workshop, bedroom, or similar) may be granted a Minor Zoning Exception, subject to the finding specified below in Section 28.92.130.C.2.b.

c. **Encroaching First Story Windows.** If a building encroaches into an interior or rear setback, the addition of new windows to, or the enlargement or relocation of existing windows on, the first story of the encroaching wall may be granted a Minor Zoning Exception.

d. **Exterior Alterations in the Front Setback.** If a building encroaches into the front setback, exterior alterations (i.e., windows, doors, skylights, façade changes, etc.) to the portion of the building that encroaches within the front setback may be granted a Minor Zoning Exception.

e. **Façade Alterations in the Interior Setback.** If a building encroaches into the interior setback, façade alterations, excluding new doors and second floor windows, to the portion of the building that encroaches within the interior setback may be granted a Minor Zoning Exception.

f. **Encroaching Ground Floor Additions.** If a building encroaches into an interior setback, a ground floor addition that encroaches into the same interior setback may be granted a Minor Zoning Exception, so long as the total square footage of the addition does not exceed 250 square feet and the addition does not result in a new residential unit or an increase in residential density.

g. **Alterations to Roof Height.** If a structure encroaches into a setback, alterations to the roof height of the portion of the structure that is within a setback may be granted a Minor Zoning Exception as long as the alteration does not increase the building height of the portion of the building within the setback by more than one foot.

h. **Cantilevered Architectural Features and Chimneys.** New or altered cantilevered architectural features (such as awnings, cornices, canopies, or eaves) that are unsupported from the ground below and do not provide additional floor area within the building, or chimneys that encroach no more than an additional two feet into a setback may be granted a Minor Zoning Exception. However, no cantilevered architectural feature or chimney shall be located closer than three feet from any interior

lot line or five feet from any front lot line, except roof eaves, which may be located as close as two feet from any lot line.

i. **Uncovered Balcony in the Front Setback.** An uncovered balcony within the front setback that does not provide additional floor area within the building and which does not extend more than an additional two feet into the front setback may be granted a Minor Zoning Exception. However, no balcony shall be located closer than five feet from the front lot line.

j. **Bay Window in the Front Setback.** A bay window within the front setback, that is at least three feet above adjacent grade or finished floor (whichever is higher), does not provide additional floor area within the building, and does not extend more than an additional three feet into the front setback may be granted a Minor Zoning Exception. However, no bay window shall be located closer than five feet to the front lot line.

k. **Addition of an Encroaching Landing or Front Porch.** In the front setback, a covered or uncovered front porch and any associated steps, not extending above the finished floor level of the ground floor, and not exceeding six feet wide by four feet deep may be granted a Minor Zoning Exception, as long as it is no closer than five feet from the front lot line. In the interior setback, an unenclosed, uncovered, entrance landing and outside steps not extending above the finished floor level of the ground floor may be granted a Minor Zoning Exception to encroach an additional three feet into a setback. However, no entrance landing shall be closer than two feet from the interior lot line, and the size of the landing and steps may not exceed the minimum area required by the building code.

2. **“As-built” Addition or Expansion of Hardscape, Landscape or Site Improvements.** The “as-built” addition or expansion of the following hardscape, landscape, or site improvements that encroach into setbacks, required open yard area, or the minimum distance between buildings may be granted a Minor Zoning Exception, subject to the findings specified in Subsection C:

a. Decks with a total area of not more than 200 square feet, attached to a main building, not extending above the finished floor level of the ground floor, and no closer than two feet to an interior lot line;

b. Fountains, ponds, and similar water features;

c. Trash enclosures that are no closer than ten feet from a front lot line and two feet from an interior lot line; and,

d. Decorative features, mailboxes, flagpoles, sculptures. The cumulative area of all such features shall not exceed 50 square feet in the front yard or cover more than 20% of the required open yard. However, the exceptions under this paragraph 2 are not available to allow the encroachment of BBQs, exterior fireplaces, or raised fire pits into setbacks.

3. **“As-built” Detached Accessory Buildings.** An “as-built” detached accessory building that encroaches into an interior or rear setback may be granted a Minor Zoning Exception if it satisfies all of the following criteria and subject to the findings specified in Subsection C:

- and

5. **Additions Exceeding the Maximum FAR.** Additions of floor area to a residence that exceeded the maximum allowed Floor to Lot Area Ratio (FAR) in effect at the time the errant ZIR was prepared may be granted a Minor Zoning Exception, if the additional floor area is contained within the volume of the legally permitted building (i.e., a loft, cellar, etc.) and subject to the findings specified in Subsection C.

C. Findings.

1. In order to grant a Minor Zoning Exception, the Staff Hearing Officer must make all of the following five findings:

c. The Minor Zoning Exception does not involve the permanent removal of a significant component or a character defining element from a historic resource, potential historic resource, or an un-surveyed building located in a Demolition Review Study Area which is more than 50 years old.

d. Any as-built additions that are uniform extensions of the legal non-conforming portion of the building and are generally no closer to the lot line in question than the legal non-conforming portions of the building.

e. The improvement is located in general compliance with the Single Family Design Board's Good Neighbor Guidelines.

2. The following additional findings shall be made, if applicable to the requested Minor Zoning Exception:
