"1. (SEC. 402) Real Property to Be Acquired

Any or all real property located in the Project Area may be acquired by the Agency, by gift, devise, exchange, purchase, lease, condemnation, or any other lawful method, but the Agency is not required to acquire such property. The Agency may also acquire real property outside the Project Area as authorized by law. It is in the public interest and necessary, in order to eliminate the conditions requiring redevelopment and in order to execute the Plan, for the power of eminent domain to be employed by the Agency to acquire real property within parts of the Project Area approved by the City Council for execution of activities from time to time. The commencement of eminent domain proceedings to acquire property within the Project Area shall not occur after August 30, 2019 or the expiration of the Plan, whichever is sooner."
