

## 2007 JOINT HLC/ABR DESIGN AWARDS

This year, the City will grant a total of three awards, as follows:

1. **Saint Barbara Award:**

- Barbara Chen Lowenthal (Interior Designer, civic activist, and former member of the Historic Landmarks Commission and the Planning Commission)

2. **George Washington Smith Award:**

- Braille Institute, 2031 De La Vina Street, Cearnal Andrulaitis Architects

3. **Lockwood de Forest Award:**

- Landscape plan for the Braille Institute at 2031 De La Vina Street, David Niles, Landscapes by Davids.

The awards ceremony will include a brief presentation of each award including photographs of the buildings and landscape improvements.

The awards would not have been possible without the financial support of the Architectural Foundation of Santa Barbara, the cost to produce each award of which was covered by the Foundation, at no expense to the City.

The Awards Committee consisted of former City Planning Commissioner Bill Mahan, ABR member Mark Wienke, and HLC members Robert Adams, Louise Boucher, and Don Sharpe.
