I strongly believe that I would be a perfect fit for the Commission on Youth and Children because of the commitment to youth I have demonstrated through my work with the Youth Council. I am very interested in working with some of the "higher powers" in the city to help create a place where youth and children can grow and prosper. I am excited and motivated for the opportunity to be a part of a commission that is passionate about the same areas I am. I will work hard as a liaison.
