

RESOLUTION NO. _____

A RESOLUTION OF THE COUNCIL OF THE CITY OF SANTA BARBARA INITIATING PROCEEDINGS FOR THE FORMATION OF AN UNDERGROUND UTILITY ASSESSMENT DISTRICT FOR CHAPALA STREET

WHEREAS, a petition requesting formation of an Underground Utility Assessment District was signed by property owners of not less than sixty percent (60%) of the area of land proposed to be included within the Underground Utility Assessment District;

WHEREAS, proceedings for the formation of an Underground Utility Assessment District shall be instituted by the City Council when a petition requesting the formation of an Underground Utility Assessment District is filed with the City Clerk;

WHEREAS, the properties in the area of land proposed to be included within the Underground Utility Assessment District are listed in attached Exhibit A;

WHEREAS, the area of land proposed to be included within the Underground Utility Assessment District is herein referred to as Underground Utility Assessment District Chapala Street;

WHEREAS, the purpose of the Underground Utility Assessment District Chapala Street is to improve overall aesthetics of the area and promote safety by undergrounding overhead utility wires and removing poles, overhead wires and associated structures in the area described above as Underground Utility Assessment District Chapala Street; and

WHEREAS, City Council proceedings required under Santa Barbara Municipal Code Chapter 4.60 for the formation of an Underground Utility Assessment District are intended to provide for the financing and construction of the underground utility project in a manner and in accordance with City Resolution No. 06-225 which declares the policy of the City of Santa Barbara to support the undergrounding of utilities when requested by homeowners of a particular neighborhood.

NOW, THEREFORE, BE IT RESOLVED BY THE COUNCIL OF THE CITY OF SANTA BARBARA AS FOLLOWS:

SECTION 1. Initiation of Proceedings Pursuant to S.B.M.C. Section 4.60.100. Proceedings for the possible formation of an Underground Utility Assessment District are hereby instituted by the City Council because a petition requesting the formation of an Underground Utility Assessment District has been filed with the City Clerk pursuant to Santa Barbara Municipal Code Section 4.60.100(A), by the adoption of this Resolution calling for the formation of an Underground Utility Assessment District.

SECTION 2. Purpose and Designation of the Underground Utility Assessment District. The proposed Underground Utility Assessment District shall be to accomplish undergrounding of overhead utility wires and facilities for supplying electric, communication, or similar associated service. The Underground Utility Assessment District initiated by this Resolution shall be hereinafter officially known as “Underground Utility Assessment District Chapala Street.”

SECTION 3. Description of the Underground Utility Assessment District Chapala Street Improvements. Pursuant to Santa Barbara Municipal Code Chapters 4.60 and 22.40, the improvements to be financed and constructed pursuant to the proposed Underground Utility Assessment District Chapala Street shall include installation of underground wires and facilities for supplying electric, communication, or similar associated service, and removal of poles and associated overhead structures.

SECTION 4. Boundaries of the Proposed Underground Utility Assessment District Chapala Street. The boundaries of the proposed Underground Utility Assessment District Chapala Street shall include all properties listed in Exhibit A.

SECTION 5. Preparation of an Engineer’s Report. The City Engineer is hereby directed to prepare and file with the City Clerk the draft Engineer’s Report as such report is described in and required by Santa Barbara Municipal Code Section 4.60.100(D) as soon as may be possible.

Exhibit A

Proposed Properties to be included in the Chapala Street Underground Utility Assessment District:
