

CITY OF SANTA BARBARA

COUNCIL AGENDA REPORT

AGENDA DATE: June 7, 2011

TO: Mayor and Councilmembers

FROM: City Administrator's Office

SUBJECT: 2011 Legislative Platform

RECOMMENDATION: That Council

- A. Adopt the 2011 Legislative Platform that guides the City's support or opposition to state and federal legislation; and
- B. Authorize the Mayor, Councilmembers, and staff, on behalf of the City of Santa Barbara, to contact state and federal representatives to advocate for legislation consistent with the goals of the Legislative Platform.

DISCUSSION:

The City's Legislative Platform outlines the City's position on legislative matters. It serves as the foundation for the City to support, remain neutral or oppose positions on state and federal legislation.

Each year, the Legislative Platform is reviewed by staff and the Council Committee on Legislation to ensure the platform reflects current policy issues and positions of the Council. The Council Committee met on February 10, April 13, April 20, May 4, and May 12 to review the platform and recommend revisions to City Council. The proposed platform (Attachment) is marked with additions and deletions to assist Council in identifying the changes. The Committee recommended that the Council adopt the proposed 2011 Legislative Platform.

Council approval of the Legislative Platform allows the Mayor and Councilmembers, as well as staff, to advocate for state and federal legislation on behalf of the City. In cases where a legislative issue is not addressed in the platform, staff will return to the Committee on Legislation and/or the City Council for direction as necessary. Therefore, platform revisions are recommended so that Council can engage in advocacy efforts without returning to Council. A platform that is comprehensive and current will enable the City to act quickly when advocacy is needed.

Revisions are recommended for all sections of the platform, including the following:

- Revenue and Taxation
- Public Safety
- Housing, Community, and Economic Development
- Environmental Quality
- Transportation, Public Works, and Communications
- Employee Relations
- Airport
- Waterfront
- Community Services
- City Administration

The proposed changes were recommended for several reasons. Language to address current or anticipated legislative efforts was added. Platform positions that were obsolete were recommended for change or deletion. Several items were deleted because Council supported the passage or implementation of legislation in previous years and the outcome was achieved. Most of the changes were proposed to eliminate duplicative language and clarify language so the document is easier to understand.

Legislative Advocacy

Our current practice for legislative advocacy is intended to produce timely and effective communication with legislators. Advocacy efforts generally occur in one of the following ways:

1. Advocacy Letters

- Upon referral from the Mayor and Council, City Administrator's Office, department staff, League of California Cities or other sources, staff will compare legislative proposals against the City's Legislative Platform. If the proposed bill raises legal issues, department staff will consult with the City Attorney's Office.
- If a legislative matter is covered in our legislative platform and correspondence is determined to be appropriate, the Mayor will send a letter to the appropriate legislators. In cases where proposed legislation is not addressed in the platform, staff will return to the City Council for final direction as necessary.
- As needed, the Mayor and/or staff will contact legislators via telephone, e-mail or in person to reinforce the City's position or to provide additional information.

2. Committee on Legislation

- The Committee on Legislation has regularly scheduled meetings each month, but meets only as needed.
- During the legislative session, Staff may consult with and enlist the Council's Committee on Legislation and/or the Mayor if efforts beyond the

standard position letter are required. The Mayor and Committee on Legislation may undertake direct contact with legislators or recommend to the City Council that more extensive actions be taken. The Mayor and Committee members may also communicate with other parties who may have an interest in proposed bills.

3. Meetings with State and Federal Representatives, legislative advocates and coordination with others

- We will continue to work closely with advocacy partners. As an example, the League of California Cities Channel Counties Division representative has appeared before the Committee on Legislation to update the City on State legislation and priority issues. We will continue to work closely with the League.
- As part of the legislative action process, the Committee on Legislation may invite members of our State Assembly, State Senate and Congress, or legislative advocates to committee meetings to discuss legislative positions and interests.
