INTRODUCTION

This report, filed annually as required by the California Parking and Business Improvement Law of 1989, will provide an explanation of any proposed changes, including, but not limited to the boundaries of the adopted City of Santa Barbara Downtown Parking and Business Improvement Area (PBIA) or any benefit zones within the area, the basis for levying the assessments, and any changes in the classifications of businesses.

Santa Barbara's Downtown Parking Management Program operates and maintains seven public parking lots and five structures in the Downtown business core area, providing a total of 3,234 parking spaces. The program is oriented towards clients and shoppers, and is directed by the City's Circulation Element to increase the public parking available and reduce the need for employee parking in the Downtown Core. Employee parking is mitigated by Alternative Transportation initiatives to increase carpooling, bicycling, and mass transit programs. The Downtown Parking budget is funded primarily by Hourly Parking Revenues, and to a much lesser extent, by the PBIA and parking permits. The PBIA revenues are directed solely towards employee salaries and utility costs in support of the operation and maintenance of the parking lots. Revenues derived from Hourly Parking charges and permits support the balance of expenses remaining from the PBIA assessment and Alternative Transportation programs designed to reduce employee parking in the Downtown Core.

Attached hereto and incorporated by reference is the "Addendum to the Parking and Business Improvement Area Final Engineer's Report of Formula and Methodology of Assessment dated October 5, 1999" (Addendum), which is on file at the City Clerk's Office, and which shall form the basis of the Annual Report.

I. PROPOSED CHANGES

For Fiscal Year 2012, there are no changes to the PBIA benefit zones, the basis for levying the assessments or any changes in the classifications of businesses.

II. IMPROVEMENTS AND ACTIVITIES

A parking rate, designed to promote short-term customer/client parking, including 75 minutes of free parking, is currently in effect in all City-operated Downtown Parking facilities. These facilities are maintained and operated by the City's Downtown Parking Program.

Due to the loss of on-site parking during the planned structural upgrade construction of City Lot #2 (914 Chapala Street), businesses immediately surrounding the lot will have a reduced parking benefit. Consistent with past practices during construction, a 75% credit in assessment payments shall be provided to those businesses operating on the Assessor Parcel Numbers listed below:
