

# CITY OF SANTA BARBARA

## COUNCIL AGENDA REPORT

**AGENDA DATE:** November 17, 2015

**TO:** Mayor and Councilmembers

**FROM:** Engineering Division, Public Works Department

**SUBJECT:** Approval Of Emergency Purchase Order For Lugar Del Consuelo Sewer Main Replacement

### **RECOMMENDATION:**

That Council approve an Emergency Purchase Order to Tierra Contracting, Inc., in the amount of \$36,400 to replace a failing sewer main on Lugar Del Consuelo.

### **DISCUSSION:**

On June 2, 2015, Council awarded the Fiscal Year 2015 Sewer Main Rehabilitation Project to Southwest Pipeline and Trenchless Corporation (Southwest). The sewer main on Lugar Del Consuelo in the San Roque area was scheduled for rehabilitation on that contract. The main consisted of 1920's vitrified clay pipe, approximately 350' long, and was in poor condition.

As part of Southwest's contract, they are required to clean and perform a pre-rehabilitation Closed Circuit Television (CCTV) inspection, prior to rehabilitating any sewer main. Southwest performed the cleaning and pre-rehabilitation CCTV inspection; however, while reviewing the CCTV video, staff noticed that the sewer main was failing and needed immediate replacement.

Staff contacted Tierra Contracting, Inc., (Tierra) to perform this emergency work because, on June 20, 2015, Council awarded them a contract to perform on-call sewer main repair work throughout the fiscal year. However, this work was outside the intended scope of work for the On-Call Sewer Main Repair contract, so an Emergency Purchase Order was issued to expedite the work.

On October 12, 2015, Tierra began the emergency replacement, which took approximately two days to complete. Tierra's final repair cost of \$36,400 is based on the typical time and material billing method for Emergency Purchase Order construction contracts.

**BUDGET/FINANCIAL INFORMATION:**

There are sufficient appropriated funds in the Wastewater Capital Fund to cover the cost of this Emergency Purchase Order.
